EXPERIENCE KTM TRACK

EXPERIENCE THE THRILL OF THE TRACK ...

There's no other feeling quite like it! Whether its the sensation of holding the throttle wide open, or the feeling of gliding through turns with your knee scraping the surface of the ground. There's one thing for certain, you can't help but come away from every session on the track with a huge smile on your face and the feeling of euphoria.

WHICH IS WHERE RIDE KTM TRACK DAYS COMES IN ...

An event where you get to experience your KTM in a manner that differs from where you may normally ride your motorcycle, in a friendly controlled environment surrounded by like-minded individuals. We invite you to come and take part in this event where you will get a chance to feel the "READY TO RACE" roots that run deep throughout the entire KTM Motorcycle range.

It's our aim to provide you, the KTM enthusiast, an event that introduces you to the track but also to many other KTM owners with similar interests. We want to give you the opportunity to go out and enjoy your motorcycle in a situation where all the traffic is travelling the same direction and the only things you need to worry about are yourself and how much fun you're having with your KTM. Did you miss last years event? Check out our post event video here.

One Event, One FOCUS, One Goal. Inspire KTM owners to take on the TRACK no matter what KTM you ride!
